

Eileen The Crow's
Beak Mask
from "Bloodborne"

developed by: FromSoftware

3D-model extracted &

unfolded for papercraft by:

Eu Tyto Alba
towerdweller.com

Pages #1-7
(mask only)

This gray piece encircles
the inner edge of the mask,
where it contacts your face.
Printing and building it first,
then trying it on, might give you

an idea about how this
mask's default size will fit
your particular face. This PDO
is "unlucked" so that changes to
its size can be made in Pepakura
Designer if need be.
