*Pages #1-7  
(mask only)*

*This gray piece encircles  
the inner edge of the mask,  
where it contacts your face.  
Printing and building it first,  
then trying it on, might give you*

*an idea about how this  
mask's default size will fit  
your particular face. This PDO  
is "unlucked" so that changes to  
its size can be made in Pepakura  
Designer if need be.*
